REQUEST FOR BOARD ACTION

ITEM NO. _7_

DATE OF MEETING: October 12, 2015

REQUESTED BY: Carson Smith, Sheriff

SHORT TITLE: Approval of a Purchase Order to Eaton Corp. for 911 Center Uninterrupted Power Supply Battery Replacement and Support and Maintenance in the amount of $7,032.19.

BACKGROUND: The 911 Center has in place an uninterrupted power supply (UPS) that is capable of running the entire center, for a limited time, in the event of a commercial power outage. During the time power is lost and generator power is initiated, critical systems such as the 911 phone system cannot lose power. This is to ensure calls for assistance from the public are handled in a timely manner. This action will allow us to replace the batteries in the system and to keep the system operational through a support and maintenance agreement. The cost of the battery replacement is $4,304.30 and the cost of the yearly maintenance agreement is $2,727.89. This expenditure will be funded 50% Sheriff's Office and 50% Emergency Telephone Fund.

This expenditure has been budgeted in the FY15-16 Budget Ordinance.

SPECIFIC ACTION REQUESTED: The Board of Commissioners is requested to authorize a purchase order to Eaton Corp. for battery replacement and annual support and maintenance of the 911 Center uninterrupted power supply in the amount of $7,032.19
