Re Master Development Plan Revision for Wyndwater

We are requesting to change the building line side setback from 10 feet to a cumulative of 10 feet to give the builders flexibility to build a number of their plans that are wider than 50 feet. We are also requesting changing the buffer from a C-1 to any C buffer to give us a little flexibility in our buffer requirements.

Sincerely,

Mike Pollak

A handwritten signature in blue ink that reads "Mike Pollak". The signature is written in a cursive style with a large, looping initial "M".
