Ms. Raynor,

This election is not authorized by law. It is non-binding and advisory. The State Board of Elections' General Counsel has reviewed your resolution (2007-15) and the wording for the ballot. In addition, Counsel has reviewed Article 23 of Chapter 160A. There is no provision for an election. The Municipal Service District is enacted by resolution. It is not sufficient authority that the Town Council would like the voters to vote upon it.

Dennis Boyles, Director  
Pender County Board of Elections
