BOARD OF
TRANSPORTATION

September 18, 2009

Rick Benton, County Manager
Pender County
805 South Walker Street
Burgaw, NC 28425

Dear Mr. Benton:

As you know, the Wilmington Urban Area Metropolitan Planning Organization is currently in the process of updating its long-range transportation plan, which is a 25-year comprehensive transportation plan for the Lower Cape Fear region. This update, which is entitled *Cape Fear Commutes 2035 Transportation Plan*, must be completed and adopted by March 2010.

Earlier this year, the Cape Fear Commutes 2035 Committee developed a survey for area residents. Over 3,200 people responded to this survey. One of the questions on this survey asked respondents to suggest new transportation projects that the committee should evaluate as part of the planning process. I have attached a list of the new projects that were submitted. This list of projects to be carried forward for study will not include projects that have already been identified and are listed in the North Carolina Department of Transportation Transportation Improvement Program (TIP) at http://www.ncdot.gov/planning/development/TIP/TIP/.

Please present this list to you local governing board for review and comment. If there are any additional projects that your community/agency would like to see added to the study list for the *Cape Fear Commutes 2035 Transportation Plan* please submit them to your representative on the *Cape Fear Commutes 2035 Committee* by October 6, 2009 at 5:00pm. Please do not submit any projects that have already been identified and are listed in the North Carolina Department of Transportation Transportation Improvement Program (TIP). Your representatives to the *Cape Fear Commutes 2035 Committee* are:

Freimark, Al	910-270-3583	alfreimark@charter.net

Yours Truly,

Joshuah Mello, AICP
Associate Transportation Planner
Secretary, Cape Fear Commutes 2035 Committee
