

REQUEST FOR BOARD ACTION

ITEM NO. 28

DATE OF MEETING: December 14, 2009

REQUESTED BY: Glenda Pridgen, Deputy Clerk

SHORT TITLE: Discussion Regarding Upcoming Planning Board Appointments

BACKGROUND: Four planning board appointment terms are up January 31, 2010. The Board's practice has been to reappoint members (without advertising the position) provided they are interested and qualify for reappointment. All four members have expressed interest in being reappointed, and each qualify for reappointment.

Since the appointments will come up in January, we wanted to confirm the Board's desire to advertise or not advertise for these appointments. The UDO and US 17 Corridor ordinances are being finalized, and we certainly do not desire to impede this process by not having Planning Board members in place. If the Board desires to advertise, we can begin that process now, in advance of the meeting at which the appointments are made.

SPECIFIC ACTION REQUESTED: To discuss and determine the Board's desire to advertise the positions, or to consider the reappointments in January without advertising the positions (as past practice dictates).
