We have received a bid to install wiring at Rocky Point Primary School (\$18,203.82) for the computers and wireless network. American Detection Systems has installed the wiring at our other schools and is considered the preferred contractor by our Technology Department. The Technology Department and I have reviewed the bid and agree that the price is acceptable based on other projects they have completed for Pender County Schools.

We recommend that American Detection Systems, Inc be awarded the contract for technology wiring at Rocky Point Primary. The funding for this project will come from the School Bond Fund. A copy of the bid is attached.

Thanks
