

REQUEST FOR BOARD ACTION

ITEM NO. 15.

DATE OF MEETING: November 21, 2011

REQUESTED BY: Board of Commissioners

SHORT TITLE: Resolution Establishing Public Input Process for County Voting District Redistricting

BACKGROUND: Over the past month the Board has created multiple redistricting conceptual maps to consider for sharing with the public for the purposes of receiving public comment on new voting districts. The conceptual examples were created solely for the purpose of assuring the population is evenly distributed among the five voting districts. These examples are for the Board's consideration for moving forward with the public input process, and are not necessarily the only or final redistricting options the Board may consider.

The conceptual examples selected by the Board for public input will be posted at the two public libraries, at the County Administration Building, and will be posted on the County's web site. The Board also may consider having one or more public hearings to receive public comment directly. Ultimately, the Board will consider one redistricting option to recommend to the County's North Carolina legislative delegation for introduction to the General Assembly. The General Assembly must enact the new voting districts.

SPECIFIC ACTION REQUESTED: To consider a resolution designating redistricting conceptual maps to be shared with the general public for the purpose of receiving public comment on new voting districts, and to set public hearing (s).

COUNTY MANAGER'S RECOMMENDATION

Respectfully recommend approval.
