

ITEM FOR DISCUSSION

ITEM NO. 27.

DATE OF MEETING: July 23, 2012

REQUESTED BY: George Brown, Chairman of the Board

SHORT TITLE: Discussion of Possibly Updating Animal Control Ordinance to Include Regulation of Exotic Animals.

BACKGROUND: This item is on the agenda at the request of Chairman Brown. It has been brought to the Board's attention by concerned citizens that Pender County's Animal Control Ordinance does not specifically regulate those animals classified as "exotic and/or wild". It is requested the Board of Commissioners update the current Animal Control Ordinance and make it more comprehensive by including language defining and dealing specifically with this unique classification of animals.
