

PUBLIC INFORMATION

ITEM NO. 3.

DATE OF MEETING: October 15, 2012

REQUESTED BY: Dr. Reta M. Shiver, Director Department of Social Services

SHORT TITLE: Reduction in Subsidized Child Care Services

BACKGROUND: The Division of Child Development and Early Education's Budget for 2012-2013 included an \$11 million statewide reduction. Due to inadequate funding, the Pender County Department of Social Services is going to have to reduce Child Day Care Services. Pender County plans to reduce services in the following areas: Supplemental Payments, Post-Secondary Education, Child Welfare Services, Developmental Needs and Part-time Employment. Eighty five families and one hundred forty children will be affected. Letters have been sent to parents notifying them of the action that must be taken.
