

REQUEST FOR BOARD ACTION

ITEM NO. 10.

DATE OF MEETING: April 15, 2013

REQUESTED BY: Dee Turner, Chairperson of Pender County JCPC

SHORT TITLE: Resolution Approving the Juvenile Crime Prevention Council's Annual Plan, Board Members and Funding Recommendations for FY 2013-2014

BACKGROUND: The Juvenile Crime Prevention Council (JCPC) is a state mandated county board tasked with overseeing the distribution of state funds for programs serving youth who are currently in the juvenile justice system or are at-risk of entering it. The Division of Juvenile Justice has indicated that there may be up to a 2% reduction in the amount of money that will be received for FY 2013-2014. Therefore, the Pender County JCPC has based our funding recommendations on a 2% reduction which calculates to \$111,319 for FY 2013-2014. To receive these funds, the JCPC must complete an Annual Plan. The major component of this plan is doing an assessment summary of the risks, needs and available resources for the youth of Pender County. As a result of these assessment summaries, the following needs were determined and prioritized: 1) Psychological/Counseling Services, 2) Restitution/Community Service, 3) Teen Court Services and 4) Interpersonal Skill Building from an evidenced based program focusing on gang prevention. A request for proposals was advertised for programs that could meet these identified needs. Based on proposals received, the Pender County JCPC recommends that the following programs receive funding:

Psychological Services	\$48,500
Juvenile Restitution/Community Service	\$25,250
Teen Court	\$18,840
Counseling Services & Anger Management	\$11,359
JCPC Administration	\$ 7,370

In the event full funding is received, programs will be allocated additional funds of \$2,272 as indicated below:

Juvenile Restitution/Community Service	\$ 966
Teen Court	\$1,044
JCPC Administration	\$ 262

SPECIFIC ACTION REQUESTED: To consider a resolution approving the JCPC's Annual Plan, Board Members and Funding Recommendations for FY 2013-2014.

COUNTY MANAGER'S RECOMMENDATION

Respectfully recommend approval.

Juvenile Crime Prevention Council Funded Program Descriptions

Executive Summary

The Pender County Juvenile Crime Prevention Council (JCPC), in fulfillment of the duties and responsibilities as set forth in the General Statutes of the State of North Carolina, has reviewed and updated the County Plan.

The JCPC has identified the issues and factors which have an influence and impact upon delinquent youth, at-risk youth, and their families in Pender County. Further, the JCPC has identified the strategies and services most likely to reduce/prevent delinquent behavior.

JCPC Action Plan Progress:

Over the past year, the JCPC has worked diligently to recruit new members and increase community awareness. As a result the JCPC has increased participation at the JCPC meetings; Board vacancies have been filled; and various agencies have begun participating in the monthly meetings. This has been a huge benefit to the JCPC as agencies that work with families and children, become aware of the various services offered in the community.

As a result of JCPC funded programs, we have seen a decrease in the number of petitions filed, adjudication and probation cases. The Community Service program more than doubled the number of youth served and the Restitution program served 5 times as many youth by being able to repay victims for crimes committed. More youth were able to receive alcohol and drug treatment while non-residential and residential programs/group homes had a decrease in referrals. The JCPC programs in Pender County continue to make a difference by serving these youth in the County and decreasing juvenile delinquent activity.

Priorities for Funding: Through a risk & needs assessment and a resource assessment, the JCPC has determined that the following services are needed to reduce/prevent delinquency Pender County.

1. Psychological Services
2. Community Service & Restitution
3. Teen Court
4. Interpersonal Skill-Building from an evidenced based program focusing on gang prevention

Monitoring and Evaluation: Each program funded in the past year by the JCPC has been monitored. The monitoring results and program outcomes evaluations were considered in making funding allocation decisions. The JCPC continues to conduct implementation

monitoring of its action plan and its funded programs on a quarterly basis. (Please see Attached Monitoring Reports)

Funding Recommendations: Having published a Request for Proposals for these needed services for a minimum of thirty (30) days, the JCPC has screened the submitted proposals and has determined which proposals best meet the advertised needed services. As required by statute, the JCPC recommends allocation of the NC Department of Juvenile Justice and Delinquency Prevention (NC DJJDP) Funds to the following Programs in the amounts specified below for the upcoming fiscal year: (See JCPC Funding Allocations page):

1. Psychological Services (Assessments & Counseling) \$48,500
2. Juvenile Restitution \$25,250
3. Teen Court \$18,840
4. Outpatient Mental Health Counseling for Anger Problems \$11,359

(Please see attached program description pages)

The JCPC further recommends that the following amount be allocated from the NC DJJDP funds for the administrative costs of the Council for the upcoming fiscal year:
\$7,370

Respectfully Submitted,

Dee Turner

**SUMMARY REPORT OF THE
PENDER COUNTY RISK AND NEEDS ASSESSMENT COMMITTEE**

- I. **Risk Assessment Summary**
- II. **Needs Assessment Summary**
- III. **Resource Assessment Summary**
- IV. **Summary of Gaps and Barriers in the Community Continuum**
- V. **Proposed Priority Services for Funding**

Part I Risk

The Risk and Needs Assessment Committee reviewed data gleaned from the Juvenile Risk Assessment instrument administered by Juvenile Court Counselors after juveniles are referred with a complaint alleging that a delinquent act has occurred and prior to adjudication of the juvenile. The Juvenile Risk Assessment is an instrument used to predict the likelihood of the juvenile being involved in future delinquent behavior. For some youth, some of the individual item ratings may be heavily dependent upon information reported by the juvenile or the parent(s). For these items (*represented by percentages which with a star next to them*), there is a likelihood of under-reporting the incidence of a particular behavior and the actual incidence may be higher than suggested by these figures. In those cases, the figure should be interpreted as a measure of the minimum level of occurrence.

County Risk Factor Observations: FY 2011-2012

- o There was a 7% increase in the number of youth age 12 and under for First Delinquent Offense Alleged in a Complaint. This number is 12% over the State rate. These youth most likely have mental health issues and are at risk for having further involvement with the juvenile justice system as they mature.
- o 13% of the youth indicate that they are involved in some substance abuse/use. This is below the State rate but since this information is self-reported, it is often under reported, indicating that the number is most likely higher than 13%.
- o 65% of the youth report moderate to severe school behavior problems. This number has slowly increased over the past two years.
- o 67% of youth indicate that they lack pro-social peers, sometimes associate with delinquent peers or regularly associate with others involved in delinquent activity. This is a 13% increase over the previous fiscal year and 12% higher than the state rate.
- o The number of youth with overall low risk is at 79% indicating that the county is in good shape.

Part II. Needs

The Risk and Needs Assessment Committee also reviewed data gleaned from the Juvenile Needs Assessment instrument administered by Juvenile Court Counselors prior to court disposition of a juvenile. The Juvenile Needs Assessment is an instrument used to examine a youth's needs in the various domains of his life: The Individual Domain, The School Domain, The Peer Domain, and the Community Domain. This instrument was designed to detect service intervention needs as an aid in service planning. As with the Juvenile Risk Assessment, some of the individual item ratings may be heavily dependent upon information reported by the juvenile or the parent(s). For these items (*represented by percentages which with a star next to them*), there is a likelihood of under-reporting the incidence of a particular behavior and the actual incidence may be higher than suggested by these figures. In those cases, the figure should be interpreted as a measure of the minimum level of occurrence

County Elevated Needs Observations: FY 2011-2012

- The overall needs level is low at 76% which is good and indicates that the youth can be served in the community.
- There was a 13% drop in the number of minor school behavior problems and a 5% increase in the number of serious school behavior problems. These numbers are alarming as they indicate that juveniles are getting into trouble at school.
- There was a 3% increase in the number of youth receiving a substance abuse assessment and/or treatment. This number is most likely higher as it is self reported. Despite the increase, this number remains below the State rate.
- 21% or 1 in 5 youth that come to juvenile court indicate that they are an abuse victim. This includes parental abuse, getting beat up at school, etc. This is higher than the state rate of 18%.
- 16% of youth indicate that there is domestic discord or domestic violence in the home. This number is often under reported.
- 62% have marginal or inadequate parenting skills. This is alarming and may indicate the need for additional parenting skills and/or mental health services. The state rate is 55%
- 1 in 4 youth (25%) come from homes where criminal history in families is a problem. This is self reported information. If criminal background checks were done on family members, this number would most likely be higher.

Part III. Summary of the Existing Community Resources

- Juvenile Psychological Services (JCPC funded)
- Community Service & Restitution program (JCPC funded)
- Counseling Services & Anger Management (JCPC funded)
- Teen Court (JCPC funded)
- Coastal Horizons
- Youth Athletic Leagues
- The Matthew 25 Center
- Pender County Cooperative Extension / 4H
- Communities in Schools of Cape Fear (Kids FAST, Baby FAST, After School, Positive Peers and Graduation Coaches)
- Adolescent parent pregnancy class (BabyFAST, BabyFAST works)
- Pregnancy Prevention program
- After-school programming in all elementary and some middle schools
- PORT
- YMCA
- Smart Start
- Alternative Learning Program within the school system
- Guiding Good Choices parenting class – Safe Schools Healthy Students
- Organized youth athletic organizations (i.e. soccer, baseball, basketball, cheerleading)
- GREAT (Safe Schools Healthy Students and Pender County Sheriff's Office)
- PATH
- Pender County Schools – SSHS programs (BabyFAST, BabyFAST Works, Second Step, Talking About Touching, SBMH, Safe Dates, Why Try, PBIS, MS Graduation Coaches)

Part IV Summary of Gaps and Barriers in the Continuum of Services

- Transportation
- Employment Opportunities
- Community Center
- Recreation Center/facility (i.e. Bowling center, movie theater, arcade)
- Parenting skills class

Part V. Proposed Priority Services for Funding

The committee compared the services needed to address the elevated Juvenile Risk Factors and Juvenile Needs with services currently available in the community. Services which are currently available in the community and sufficient to meet the needs of court involved youth or those youth most at risk for court involvement are not considered as a priority for JCPC funding.

The Committee proposes that the following services in ranked order be approved as the funding priorities for FY 2013-2014

- 1 Psychological Services
- 2 Community Service / Restitution
- 3 Teen Court
- 4 Interpersonal Skill Building from an evidence based program focusing on gang prevention

January 28, 2012

Date Advertised

The Juvenile Crime Prevention Council (JCPC) has studied the risk factors and needs of Juvenile Court involved youth in this county and hereby publishes this Request for Proposals. The JCPC anticipates funds from the NC Department of Public Safety, Division of Administration, Community Programs section in the amount stated above to fund the program types specified below. Such programs will serve delinquent and at-risk youth for the state fiscal year 2013-2014 beginning on, or after, July 1, 2013. The use of these funds in this county requires a local match in the amount specified above.

The JCPC will consider proposals for the following needed programs:

1. Psychological Services
2. Community Services / Restitution
3. Teen Court
4. Interpersonal Skill Building from an evidence based program focusing on Gang Prevention

Proposed program services should target the following risk factors for delinquency or repeat delinquency:

Regularly associating with other delinquent youth; moderate to serious behavioral problems at school; engage in assaultive/aggressive behavior; engaged in substance abuse; inadequate supervision by parents/guardians; referral to juvenile court prior to age 12; prior involvement with juvenile court, have parents/guardians who are unable to supervise.

Programs should address the following concerns as reported in the Needs Assessments for adjudicated youth:

Peer Domain: Association with other delinquent peers

Individual Domain: Substance abuse, sexually offending behavior, mental health problems, involvement with juvenile court prior to age 12, multiple referrals to juvenile court

Family Domain: Parental supervision problems

School Domain: Moderate to severe behavioral problems at school

Applicants are being sought that are able to address items below:

1. Program services compatible with research that are shown to be effective with juvenile offenders.
2. Program services are outcome-based.
3. The program has an evaluation component.
4. Program services detect gang participation and divert individual, if applicable.

Local public agencies, 501(c)(3) non-profit corporations and local housing authorities are invited to submit applications to provide services addressing the above elements.
