

REQUEST FOR BOARD ACTION

ITEM NO. 7

DATE OF MEETING: May 26, 2015

REQUESTED BY: Carolyn Moser, Health and Human Services Director, Health Department

SHORT TITLE: Approval of Fund Raising Efforts to Conduct an On-site Spay/Neuter Program for Animals at the Pender County Animal Shelter.

BACKGROUND: The Pender County Animal Shelter would like to request Board of County Commissioners approval to raise funds to support and conduct an on-site spay/neuter program for the Animals at the Animal Shelter. Funding would cover \$17,000 for equipment and \$3,000 for medical supplies. The animal shelter contracts with a licensed veterinarian, who will conduct the surgeries. Please note: This will be for shelter animals only. Spay and Neutering before the animal is adopted helps reduce the litter numbers coming into the shelter in the future. This proposal was approved by the Animal Shelter Advisory Board on April 27, 2015.

SPECIFIC ACTION REQUESTED: To consider a resolution approving Fund Raising Efforts to Conduct an On-site Spay/Neuter Program for Animals at the Pender County Animal Shelter for Fiscal Year 2014-2015.
