VARIANCE APPLICATION

Applicability

- A. The Board of Adjustment may vary certain requirements of this Ordinance, in harmony with the general purpose of these regulations, where special conditions applicable to the property in question would make the strict enforcement of the regulations impractical or result in a hardship in making reasonable use of the property.
- B. The Board of Adjustment may waive certain requirements when authorized to do so by provisions adopted as a part of this Ordinance.
- C. No variance shall be permitted that would have the effect of allowing a use not permitted in the use table in Section 5.2.3.
- D. No variance shall be permitted that would allow a project to exceed the maximum density as to number of dwelling units to the acre in a Zoning District. This maximum density shall be inclusive of any density bonus allowance or additional units in a planned unit development.
- E. The need for the variance cannot be a result of the owner's own actions and cannot be for strictly economic reasons. The Board of Adjustment may grant variances in the following special circumstances, as indicated elsewhere in this Ordinance.

Findings

In granting any variance, the Board of Adjustment shall make the following findings:

- A. That special or unique circumstances or conditions or practical difficulties exist which apply to the land, buildings or uses involved which are not generally applicable to other land, buildings, structures, or uses in the same zoning districts;
 - 1. Unnecessary hardship would result from the strict application of the ordinance. It shall not be necessary to demonstrate that, in the absence of the variance, no reasonable use can be made of the property;
 - 2. The hardship results from conditions that are peculiar to the property, such as location, size, and topography. Hardships resulting from personal circumstances, as well as hardships resulting from conditions that are common to the neighborhood or the general public, may not be the basis for granting a variance;
 - 3. The hardship did not result from actions taken by the applicant or the property owner. The act of purchasing property with knowledge that circumstances exist that may justify granting of a variance shall not be regarded as a self-created hardship;
 - 4. The requested variance is consistent with the spirit, purpose, and intent of the ordinance, such that public safety is secured and substantial justice is achieved.
- B. In making the findings above, the Board of Adjustment may give special weight to the number and percentage of nearby properties that share characteristics for which the variance is requested by the applicant. The Board of Adjustment may grant a variance to expand an existing structure, including the expansion of a nonconforming structure if the findings listed above can be made.
