SECTION 1: INTRODUCTION

A. PURPOSE

The Pender County Planning & Community Development Department (Pender County) seeks to establish a contract with an experienced contractor to provide Clearing & Snagging services in designated stream and river locations throughout the County. The primary responsibility of the Contractor will be to perform stream clearing, snagging, woody debris removal, and disposal in identified locations of drainage channels. The proposed work will be conducted in specified segments under the supervision of the Pender County Planning & Community Development Department and their designated Construction Field Representatives (CFRs). The purpose of the proposed work is to improve drainage resulting from woody debris deposition caused by Hurricane Florence in September of 2018. The contractor will be tasked with implementing the proposed grant work scope and meeting the requirements developed under the Emergency Watershed Protection (EWP) Program. The proposed work shall be funded in part by the US Department of Agriculture (USDA) and Natural Resources and Conservation Service (NRCS) in a grant identified as Contract NR204532XXXXC035. The EWP grant was awarded to the County to perform the proposed work in such a manner that reduces imminent threat to life and loss of property in Pender County. The services described in this Request for Proposal (RFP) may be expanded, modified, or altered by the County in order to accomplish the USDA emergency watershed protection or floodplain management goals defined in the grant terms and conditions. Any contract issued by the County as a result of this RFP will be a contract of convenience administered for the sole benefit of Pender County.

There are 23 sites slated for Task 1 with locations and scope shown in Attachment C: Bid Schedule and Attachment H: Site Locations. The work described herein consist of one task as follows.

Task 1: Woody Debris Clearing, Snagging, and Removal (23 Sites)

that all addenda are received. The County posts all solicitations and related addenda on the Pender County website (www.pendercountync.gov).

All addenda issued in conjunction with this RFP must be acknowledged on Attachment A: Proposal Form.

F. EVALUATION OF PROPOSALS

Proposals will be evaluated by an appointed Selection Committee according to the evaluation criteria described in this section. Only submittals that are deemed responsive to these criteria from offerors deemed responsible will be evaluated and eligible for award.

The information provided in each proposal will be evaluated according to the following criteria:

1. Lowest Apparent Bid (80% weight)
2. Qualifications/Experience (15% weight)
3. Additional Factors (5% weight) (see bulleted items below)

In addition, the below additional factors will also be considered during evaluation of each RFP:

- Completeness of Bid Schedule identifying the unit rates and total cost for each DSR
- Demonstrated understanding of the project scope to provide the requested services, and understanding of the USDA/NRCS EWP Program
- Completeness of the proposal including all requested information
- A timeline/schedule forecasting anticipated progress and completion of the advertised scope of work

The County may initiate discussions/interviews with any or all contractors selected from the review process. Once discussions/interviews are complete, the County may again decide whether an offeror is qualified to perform the work, and capable to perform the advertised work expeditiously, and within the specified USDA contract performance period. The County may conduct negotiations with offerors being considered for final selection and may obtain Best and Final Offers (BFOs) prior to contract award.

G. AWARD OF CONTRACTS

The County may award a contract to one or more offerors from all proposals submitted. The County will determine the lowest apparent bidder who is deemed to be the most qualified and best suited to provide the requested services. This determination is at the sole discretion of the County, taking into consideration price and the evaluation factors

SECTION 2: SUBMISSION REQUIREMENTS AND EVALUATION

set forth in Section 2.G, Evaluation of Proposals. No other factors or criteria shall be used in the evaluation of bids during selection.

At the County's discretion, it reserves the right to take the following actions in connection with this RFP:

- To request additional information from any or all offerors
- To use judgment in selecting the successful bidder that the County determines to provide the greatest benefit to the County
- To reject any or all proposals if it determines that bids are not responsive to the RFP
- To reject any or all bids if it determines doing so to be in the best interest of the County
- To reconsider any bid submitted at any phase of the procurement
- To meet with select offerors at any time to gather additional information
- To have discussions with those offerors that it deems to fall within a competitive range
- To enter into negotiations separately with offerors
- To consider the proposed timeline/schedule for completing all work requested
- To award a contract, based on initial bids received, without discussion and without conducting further negotiations. Under such circumstance, the acceptance of a bid by the County shall be deemed to be acceptance of an offer and such acceptance will be binding upon both parties.

The County does not guaranty any specific minimum or maximum quantity of work to be awarded to any contractor as a result of issuance of a contract. The County may alter, add, delete, remove, or modify the Scope of Work in any manner that is determined to be in the best interest of the County. The contractor shall be authorized to perform work based on issuance of a Task Order for a specific scope of work at a specific not-to exceed cost.

The County shall not be deemed to have made final selection of an offeror or bid, until a contract has been successfully negotiated and executed by both parties.

SECTION 3: SCOPE OF WORK

SECTION 3: SCOPE OF WORK

A. GENERAL REQUIREMENTS

1. SCOPE OF WORK

The general scope of work shall consist of clearing, snagging, and removal of wood and/or woody debris from designated streams, rivers and channels throughout Pender County. Most of the wood and woody debris is a result of hurricane force winds experienced during Hurricane Florence in September of 2018. The purpose of the clearing and snagging work is to “cleanup” designated channel areas and improve overall drainage by removal of temporary block points created by falling woody debris. The debris clearing and removal will allow streams to flow more freely without such obstructions, both above and below water level, resulting in improved drainage. The scope of work will include: snagging, clearing of fallen trees, logs, stumps, limbs, brush, tops, rubbish, and any other woody debris deposited in and adjacent to the specified channels. The specified sites that will be restored under this work scope are identified by location and work length in Attachment H: Site Location. The requested work scope shall be performed in accordance with the specifications outlined in the following documents:

- (1) Natural Resources Conservation Service, Conservation Practice Standard, “Clearing and Snagging”, Code 326, May 2016
- (2) Natural Resources Conservation Service, Conservation Practice Standard, Obstruction Removal”, Code 500, July 2019
- (3) Natural Resources Conservation Service, Conservation Practice Standard, Streambank and Shoreline Protection, Code 580, January 2020
- (4) “Incremental Effects of Large Woody Debris Removal on Physical Aquatic Habitat’, Technical Report EL-92-35, Smith, Roger H., US Army Corps of Engineers and USDA Agricultural Research Service
- (5) “Guidelines for Hurricane/Tornado Cleanup in Riparian Buffer,” North Carolina Division of Water Resources, August 5, 2020

Note: The total estimated length of stream clearing and snagging is approximately **+ 70,590 linear feet (LF)** as defined in Attachment C: Bid Schedule of this RFP. The actual footage for clearing and snagging performed under this contract may change, more or less than the estimated length stated.

2. ACCESS

Access to each DSR site shall be performed **ONLY** by the routes or access points designated by the County or the County’s Field Representative (CFR) or Planning Department representative. If the Contractor identifies potential alternate routes or access points, they should notify the CFR of the proposed alternative routes for approval by the CFR in writing. Alternative routes may

SECTION 3: SCOPE OF WORK

only be utilized when written approval from the County is granted. Use of un-approved access routes by the contractor for any reason will be grounds for dismissal and termination of contract.

3. LIMITS OF WORK

The limits of the clearing and snagging work for each DSR site are shown in Attachment H: Site Locations and **shall not** exceed the lengths and geographic points shown in the drawings/maps. Upstream and downstream clearing lengths are tabulated in Section C: Bid Schedule and must be adhered to at all times. The limits of the designated stream debris removal areas are referenced in Section 3, Item 4 of this specification and on the attached maps. Contractors will be paid on actual quantities that are cleared and as determined by the CFR upon progress and final inspections.

4. CLEARING, SNAGGING, AND DEBRIS REMOVAL

Fallen trees, limbs, dislodged stumps, dislodged brush, rubbish, and any foreign debris within or across the cross section of the channel and designated adjacent areas shall be removed and placed in the designated disposal area. Trees severely undercut by stream bank erosion and hazardous severely leaning trees (greater than 30 degrees) must be cleared, snagged, and removed. Also, trees adjacent the channel that appear imminent to fall, and any other trees, woody debris, or stumps marked by the CFR, shall also be removed, and placed laterally at least 20 feet off the bank in the disposal corridor area. Excavation of soil or removal of sediment deposits shall not be performed under this work scope of contract.

Unless otherwise approved by the CFR, trees designated for removal shall be cut off as near to the ground surface as conventional tools or field conditions will permit. For leaning trees where the root system of the tree is not exposed, the trunk of the tree shall be cutoff as described above and the stump shall be left in place. For hazardous trees that are leaning or those already down with partially exposed root systems (i.e. hinged on one side), the trunk shall be cutoff as described above and the stump shall be set upright and left in place. Where the stump is completely dislodged, it shall be removed and placed in the disposal area. Any stump or root mass located on the channel bank or bottom that has become unstable or that obstructs flow in the channel as a result of Hurricane Florence, shall be removed and placed in the disposal corridor. Trees that have been "snapped", are not leaning, have a strong root structure, and pose no threat to the channel shall be left undisturbed, provided the contractor does not need to remove the tree for access purposes to the work zone. Naturally leaning trees with apparently undamaged root systems and other natural, undamaged vegetation shall remain in its natural condition and not be removed.

Removal of standing trees outside of the designated debris removal area is limited to the cutting of severely damaged trees or hazardous trees leaning across the channel and other trees as needed to gain access for equipment to points of channel blockage. Approval by the CFR shall be obtained prior to cutting any "healthy" tree for equipment access purposes. Unless otherwise

SECTION 3: SCOPE OF WORK

marked, access for mechanized equipment shall be limited to one side of the channel. Access to the channel shall generally be perpendicular to the channel with precautions taken to protect mast producing and stream canopy trees. Heavy equipment working on wet soil conditions must operate from mats or use other measures as approved by the CFR to minimize rutting or soil disturbance.

Disturbance of the channel bottom and banks, and equipment access areas shall be held to the minimum necessary to allow the construction equipment to remove the debris. Trees shall be felled in such a manner as to avoid damage to trees left standing or existing structures and with due regard for the safety of persons and property.

5. DISPOSAL

Woody debris and waste, and other debris shall be disposed of primarily in the disposal corridor or no less than 20 ft. lateral (left or right) of the stream channel bank in undeveloped areas. This disposal method shall apply for all work except in locations where the stream is located in improved areas such as cropland, open land, residential areas, yards, parks, utility easements, ingress/egress easements, highway/roadway right-of-ways, regulated riparian buffer zones, other watercourses, or upon any property that the owner has specifically denied the County the Right-of Entry (ROE), or other areas where the existing undisturbed woodlands are too narrow to properly dispose of the debris in a sightly manner. Debris shall also not be placed on any nature or hiking trails, sewer line corridors, or railroad rights-of-way, natural gas easements, power line easements, or any other kind of utility easement. Debris shall not be placed in tributaries or side ditches of any watercourses being maintained by this contract. The CFR will assist the contractor in determining the location of acceptable disposal corridors. Woody debris generated from any DSR location shall not be temporarily placed on any private property, nor "piled up" in a staging area that is not an approved disposal corridor to facilitate haul-off or removal at a later date.

At indicated DSR locations, clearing and snagging natural woody and other vegetative debris shall be disposed adjacent to streambanks in an assumed 20ft. wide disposal corridor (left or right of the watercourse centerline) and as stated above. In designated cases, woody and vegetative debris shall be removed and disposed offsite at permitted wood waste landfills for such DSRs where this disposal method is designated. Debris shall be placed in such a manner in the disposal corridor to prevent potential movement of the woody materials back into the floodway by future highwater conditions. Any temporary channel or drainageway crossing that is fashioned by the contractor shall be immediately removed, and in all cases prior to revegetating the denuded area. The contractor shall leave openings or gaps in debris piles to allow lateral flow of future floodwaters back into the stream or watercourse. Any alternative disposal methods proposed by the contractor must be presented to the CFR and pre-approved in writing by the County or by the CFR prior to implementation.

SECTION 3: SCOPE OF WORK

Burning of wood waste is not a permissible disposal alternative. No burning of any debris or wood waste will be allowed on or offsite during performance of the work scope under this contract.

6. ENVIRONMENTAL REQUIREMENTS

Where the use of heavy equipment is allowed, equipment shall operate adjacent to the stream and not within the stream unless prior approval is granted by the CFR. Crossing a stream to gain access to the opposite bank is permissible, so long as no fill material is placed in the stream to do so. The CFR shall select crossing sites to minimize damage to the streambank and aquatic habitat.

Should an area of the channel be encountered which is affected by beavers, the CFR should be notified of the finding and the exact location for further guidance.

Equipment shall be checked daily and maintained routinely as described by the manufacturer to prevent fuel, oil, and other types of lubricant spills. Refueling, repairs, and lubrication shall be performed at safe distances in upland areas at least 50 ft. away from the stream. Refueling stations should be positioned in such a manner topographically that in the event of a spill, petroleum will not flow down gradient and into the nearby watercourse. Temporary containment shall be implemented by the contractor to contain any fuel or petroleum release. Should fuel leaks, oil leaks or hydraulic pipe rupture occur during debris removal operations, the Contractor shall immediately remove the equipment to a safe area (greater than 50 ft. away from stream) and take prompt action to minimize damage and safeguard the site. The contractor shall immediately report the discharge to the CFR and in accordance with the Special Provisions of this contract shall comply with all provisions and requirements of the North Carolina Oil Pollution and Hazardous Substances Control Act. The NC Department of Environmental Quality (DEQ) shall be notified immediately of all reportable spills in public trust waters regulated by State and Federal agencies.

The Contractor shall perform all heavy equipment maintenance and repairs offsite of the DSR project sites. No DSR site shall be used for storage and/or disposal of deleterious substances or chemical pollutants such as hydraulic oils, drained lubricants, transmission oils, greases, gasoline or other petroleum fuels, solvents, cleaning agents, surfactants, acids, etc. or products produced from a by-product of performing this work. Washing, fueling, or servicing of equipment shall be avoided to prevent spillage or wash water from entering any nearby watercourse.

For those DSR sites where "offsite disposal" of vegetative debris is required, or where it is impractical due to residential settings, the vegetative debris must be removed from the project site. The debris shall then be transported and disposed at a North Carolina Division of Waste Management (NCDWM) permitted Land Clearing and Inert Debris (LCID) or Construction and Demolition Landfill (CDLF). Only permitted LCID's or CDLF's in good standing with the NCDWM located in neighboring counties including Pender, Onslow, Jones, Brunswick, Columbus, Sampson, Duplin, or New Hanover Counties shall be utilized. The facilities must be permitted and authorized to receive such waste per the NC Division of Waste Management requirements and

SECTION 3: SCOPE OF WORK

currently operating without administrative constraints, active violations, or administrative orders. No vegetative waste shall be removed and/or disposed at any location without prior written approval from Pender County. Approval of any proposed waste disposal site shall be obtained from Pender County at least 7 days prior to utilizing. DSRs provided in the RFP will indicate those sites where “offsite disposal” is required.

The contractor shall also comply with the Clean Water Act (amended in 1972) and US Army Corps of Engineers policies, laws, regulations, and requirements governing destruction or adverse impact to jurisdictional wetlands or Federal waters. These waters include but are not limited to waters defined under Section 404, 401 and Section 10 of the Clean Wat Act.. Any activity performed by the contractor during the implementation of this work scope that constitutes “dredging and/or filling” shall be prohibited during work performed under this RFP.

7. SPECIAL REQUIREMENTS

The Contractor shall exercise extreme care while working in the areas of existing lawns, driveways, roads, structures, utilities, railroads, drainage ditches, any other improvements, and cropland. The Contractor shall be responsible for the prompt repair or replacement of any such improvements damaged by their operations or any activity performed to complete this work scope.

In the event that fences on private or public property must be temporarily removed for access, the contractor shall first consult with the CFR for approval. If approval is granted by the CFR, the contractor shall remove the fence with care and the no damage to the fence. The fence shall be reinstalled back to the original condition and location immediately after construction access is no longer needed from this access point of the DSR site.

In areas identified in Section 3, Item 13 of this specification, or in the project details as “Hand Work Only”, only portable winches, chainsaws, hand-held tools, block and tackle, cables, log chains, etc., and manual labor will be allowed unless otherwise approved by the CFR. Where the haul off of debris is required in “Hand Work Only” areas, wheeled vehicles for loading and hauling the debris off-site will be allowed at specified selected location(s) as designated by the CFR.

The Contractor shall be responsible for complying with all applicable requirements of the North Carolina Department of Transportation's (NCDOT) Manual on Uniform Traffic Control Devices (M.U.T.C.D.) when work is performed on public right of ways. The Contractor shall contact the Division I Engineer (Jeff Garrett) in Hampstead, NC to gain approval before operating and/or performing work on any NCDOT highway or property. 1. The number shown on this form is my correct taxpayer identification number (or I am waiting for a number to be issued to me); and
2. I am not subject to backup withholding because: (a) I am exempt from backup withholding, or (b) I have not been notified by the Internal Revenue Service (IRS) that I am subject to backup withholding as a result of a failure to report all interest or dividends, or (c) the IRS has notified me that I am no longer subject to backup withholding; and

For real estate transactions, item 2 does not apply. For mortgage interest paid, acquisition or abandonment of secured property, cancellation of debt, contributions to an individual retirement arrangement (IRA), and generally, payments other than interest and dividends, you are not required to sign the certification, but you must provide your correct TIN. General Instructions

Section references are to the Internal Revenue Code unless otherwise noted.

Future developments. For the latest information about developments related to Form W-9 and its instructions, such as legislation enacted after they were published, go to www.irs.gov/FormW9.

Purpose of Form

An individual or entity (Form W-9 requester) who is required to file an information return with the IRS must obtain your correct taxpayer identification number (TIN) which may be your social security number (SSN), individual taxpayer identification number (ITIN), adoption taxpayer identification number (ATIN), or employer identification number (EIN), to report on an information return the amount paid to you, or other amount reportable on an information return. Examples of information returns include, but are not limited to, the following.

- Form 1099-INT (interest earned or paid)

- Form 1099-DIV (dividends, including those from stocks or mutual funds)
- Form 1099-MISC (various types of income, prizes, awards, or gross proceeds)
- Form 1099-B (stock or mutual fund sales and certain other transactions by brokers)
- Form 1099-S (proceeds from real estate transactions)
- Form 1099-K (merchant card and third party network transactions)
- Form 1098 (home mortgage interest), 1098-E (student loan interest), 1098-T (tuition)
- Form 1099-C (canceled debt)
- Form 1099-A (acquisition or abandonment of secured property)

Use Form W-9 only if you are a U.S. person (including a resident alien), to provide your correct TIN.

If you do not return Form W-9 to the requester with a TIN, you might be subject to backup withholding. See What is backup withholding, later.

By signing the filled-out form, you:

1. Certify that the TIN you are giving is correct (or you are waiting for a number to be issued),
2. Certify that you are not subject to backup withholding, or
3. Claim exemption from backup withholding if you are a U.S. exempt payee. If applicable, you are also certifying that as a U.S. person, your allocable share of any partnership income from a U.S. trade or business is not subject to the withholding tax on foreign partners' share of effectively connected income, and
4. Certify that FATCA code(s) entered on this form (if any) indicating that you are exempt from the FATCA reporting, is correct. See *What is FATCA reporting*, later, for further information.

Note: If you are a U.S. person and a requester gives you a form other than Form W-9 to request your TIN, you must use the requester's form if it is substantially similar to this Form W-9.

Definition of a U.S. person. For federal tax purposes, you are considered a U.S. person if you are:

- An individual who is a U.S. citizen or U.S. resident alien;
- A partnership, corporation, company, or association created or organized in the United States or under the laws of the United States;
- An estate (other than a foreign estate); or
- A domestic trust (as defined in Regulations section 301.7701-7).

Special rules for partnerships. Partnerships that conduct a trade or business in the United States are generally required to pay a withholding tax under section 1446 on any foreign partners' share of effectively connected taxable income from such business. Further, in certain cases where a Form W-9 has not been received, the rules under section 1446 require a partnership to presume that a partner is a foreign person, and pay the section 1446 withholding tax. Therefore, if you are a U.S. person that is a partner in a partnership conducting a trade or business in the United States, provide Form W-9 to the partnership to establish your U.S. status and avoid section 1446 withholding on your share of partnership income.

In the cases below, the following person must give Form W-9 to the partnership for purposes of establishing its U.S. status and avoiding withholding on its allocable share of net income from the partnership conducting a trade or business in the United States.

- In the case of a disregarded entity with a U.S. owner, the U.S. owner of the disregarded entity and not the entity;
- In the case of a grantor trust with a U.S. grantor or other U.S. owner, generally, the U.S. grantor or other U.S. owner of the grantor trust and not the trust; and
- In the case of a U.S. trust (other than a grantor trust), the U.S. trust (other than a grantor trust) and not the beneficiaries of the trust.

Foreign person. If you are a foreign person or the U.S. branch of a foreign bank that has elected to be treated as a U.S. person, do not use Form W-9. Instead, use the appropriate Form W-8 or Form 8233 (see Pub. 515, *Withholding of Tax on Nonresident Aliens and Foreign Entities*).

Nonresident alien who becomes a resident alien. Generally, only a nonresident alien individual may use the terms of a tax treaty to reduce or eliminate U.S. tax on certain types of income. However, most tax treaties contain a provision known as a "saving clause." Exceptions specified in the saving clause may permit an exemption from tax to continue for certain types of income even after the payee has otherwise become a U.S. resident alien for tax purposes.

If you are a U.S. resident alien who is relying on an exception contained in the saving clause of a tax treaty to claim an exemption from U.S. tax on certain types of income, you must attach a statement to Form W-9 that specifies the following five items.

1. The treaty country. Generally, this must be the same treaty under which you claimed exemption from tax as a nonresident alien.
2. The treaty article addressing the income.
3. The article number (or location) in the tax treaty that contains the saving clause and its exceptions.
4. The type and amount of income that qualifies for the exemption from tax.
5. Sufficient facts to justify the exemption from tax under the terms of the treaty article.

Example. Article 20 of the U.S.-China income tax treaty allows an exemption from tax for scholarship income received by a Chinese student temporarily present in the United States. Under U.S. law, this student will become a resident alien for tax purposes if his or her stay in the United States exceeds 5 calendar years. However, paragraph 2 of the first Protocol to the U.S.-China treaty (dated April 30, 1984) allows the provisions of Article 20 to continue to apply even after the Chinese student becomes a resident alien of the United States. A Chinese student who qualifies for this exception (under paragraph 2 of the first protocol) and is relying on this exception to claim an exemption from tax on his or her scholarship or fellowship income would attach to Form W-9 a statement that includes the information described above to support that exemption.

If you are a nonresident alien or a foreign entity, give the requester the appropriate completed Form W-8 or Form 8233.

Backup Withholding

What is backup withholding? Persons making certain payments to you must under certain conditions withhold and pay to the IRS 28% of such payments. This is called "backup withholding." Payments that may be subject to backup withholding include interest, tax-exempt interest, dividends, broker and barter exchange transactions, rents, royalties, nonemployee pay, payments made in settlement of payment card and third party network transactions, and certain payments from fishing boat operators. Real estate transactions are not subject to backup withholding.

You will not be subject to backup withholding on payments you receive if you give the requester your correct TIN, make the proper certifications, and report all your taxable interest and dividends on your tax return.

Payments you receive will be subject to backup withholding if:

1. You do not furnish your TIN to the requester,
2. You do not certify your TIN when required (see the instructions for Part II for details),
3. The IRS tells the requester that you furnished an incorrect TIN,
4. The IRS tells you that you are subject to backup withholding because you did not report all your interest and dividends on your tax return (for reportable interest and dividends only), or
5. You do not certify to the requester that you are not subject to backup withholding under 4 above (for reportable interest and dividend accounts opened after 1983 only).

Certain payees and payments are exempt from backup withholding. See *Exempt payee code*, later, and the separate Instructions for the Requester of Form W-9 for more information.

Also see *Special rules for partnerships*, earlier.

What is FATCA Reporting?

The Foreign Account Tax Compliance Act (FATCA) requires a participating foreign financial institution to report all United States account holders that are specified United States persons. Certain payees are exempt from FATCA reporting. See *Exemption from FATCA reporting code*, later, and the Instructions for the Requester of Form W-9 for more information.

Updating Your Information

You must provide updated information to any person to whom you claimed to be an exempt payee if you are no longer an exempt payee and anticipate receiving reportable payments in the future from this person. For example, you may need to provide updated information if you are a C corporation that elects to be an S corporation, or if you no longer are tax exempt. In addition, you must furnish a new Form W-9 if the name or TIN changes for the account; for example, if the grantor of a grantor trust dies.

Penalties

Failure to furnish TIN. If you fail to furnish your correct TIN to a requester, you are subject to a penalty of \$50 for each such failure unless your failure is due to reasonable cause and not to willful neglect.

Civil penalty for false information with respect to withholding. If you make a false statement with no reasonable basis that results in no backup withholding, you are subject to a \$500 penalty.

Criminal penalty for falsifying information. Willfully falsifying certifications or affirmations may subject you to criminal penalties including fines and/or imprisonment.

Misuse of TINs. If the requester discloses or uses TINs in violation of federal law, the requester may be subject to civil and criminal penalties.

Specific Instructions

Line 1

You must enter one of the following on this line; **do not** leave this line blank. The name should match the name on your tax return.

If this Form W-9 is for a joint account (other than an account maintained by a foreign financial institution (FFI)), list first, and then circle, the name of the person or entity whose number you entered in Part I of Form W-9. If you are providing Form W-9 to an FFI to document a joint account, each holder of the account that is a U.S. person must provide a Form W-9.

a. **Individual.** Generally, enter the name shown on your tax return. If you have changed your last name without informing the Social Security Administration (SSA) of the name change, enter your first name, the last name as shown on your social security card, and your new last name.

Note: ITIN applicant: Enter your individual name as it was entered on your Form W-7 application, line 1a. This should also be the same as the name you entered on the Form 1040/1040A/1040EZ you filed with your application.

b. **Sole proprietor or single-member LLC.** Enter your individual name as shown on your 1040/1040A/1040EZ on line 1. You may enter your business, trade, or "doing business as" (DBA) name on line 2.

c. **Partnership, LLC that is not a single-member LLC, C corporation, or S corporation.** Enter the entity's name as shown on the entity's tax return on line 1 and any business, trade, or DBA name on line 2.

d. **Other entities.** Enter your name as shown on required U.S. federal tax documents on line 1. This name should match the name shown on the charter or other legal document creating the entity. You may enter any business, trade, or DBA name on line 2.

e. **Disregarded entity.** For U.S. federal tax purposes, an entity that is disregarded as an entity separate from its owner is treated as a "disregarded entity." See Regulations section 301.7701-2(c)(2)(iii). Enter the owner's name on line 1. The name of the entity entered on line 1 should never be a disregarded entity. The name on line 1 should be the name shown on the income tax return on which the income should be reported. For example, if a foreign LLC that is treated as a disregarded entity for U.S. federal tax purposes has a single owner that is a U.S. person, the U.S. owner's name is required to be provided on line 1. If the direct owner of the entity is also a disregarded entity, enter the first owner that is not disregarded for federal tax purposes. Enter the disregarded entity's name on line 2, "Business name/disregarded entity name." If the owner of the disregarded entity is a foreign person, the owner must complete an appropriate Form W-8 instead of a Form W-9. This is the case even if the foreign person has a U.S. TIN.

Line 2

If you have a business name, trade name, DBA name, or disregarded entity name, you may enter it on line 2.

Line 3

Check the appropriate box on line 3 for the U.S. federal tax classification of the person whose name is entered on line 1. Check only one box on line 3.

IF the entity/person on line 1 is a(n) . . .	THEN check the box for . . .

Exemption from FATCA reporting code. The following codes identify payees that are exempt from reporting under FATCA. These codes apply to persons submitting this form for accounts maintained outside of the United States by certain foreign financial institutions. Therefore, if you are only submitting this form for an account you hold in the United States, you may leave this field blank. Consult with the person requesting this form if you are uncertain if the financial institution is subject to these requirements. A requester may indicate that a code is not required by providing you with a Form W-9 with "Not Applicable" (or any similar indication) written or printed on the line for a FATCA exemption code.

Line 5

Enter your address (number, street, and apartment or suite number). This is where the requester of this Form W-9 will mail your information returns. If this address differs from the one the requester already has on file, write NEW at the top. If a new address is provided, there is still a chance the old address will be used until the payor changes your address in their records.

Line 6

Enter your city, state, and ZIP code.

Part I. Taxpayer Identification Number (TIN)

Enter your TIN in the appropriate box. If you are a resident alien and you do not have and are not eligible to get an SSN, your TIN is your IRS individual taxpayer identification number (ITIN). Enter it in the social security number box. If you do not have an ITIN, see *How to get a TIN* below.

If you are a sole proprietor and you have an EIN, you may enter either your SSN or EIN.

If you are a single-member LLC that is disregarded as an entity separate from its owner, enter the owner's SSN (or EIN, if the owner has one). Do not enter the disregarded entity's EIN. If the LLC is classified as a corporation or partnership, enter the entity's EIN.

Note: See *What Name and Number To Give the Requester*, later, for further clarification of name and TIN combinations.

How to get a TIN. If you do not have a TIN, apply for one immediately. To apply for an SSN, get Form SS-5, Application for a Social Security Card, from your local SSA office or get this form online at www.SSA.gov. You may also get this form by calling 1-800-772-1213. Use Form W-7, Application for IRS Individual Taxpayer Identification Number, to apply for an ITIN, or Form SS-4, Application for Employer Identification Number, to apply for an EIN. You can apply for an EIN online by accessing the IRS website at www.irs.gov/Businesses and clicking on Employer Identification Number (EIN) under Starting a Business. Go to www.irs.gov/Forms to view, download, or print Form W-7 and/or Form SS-4. Or, you can go to www.irs.gov/OrderForms to place an order and have Form W-7 and/or SS-4 mailed to you within 10 business days.

If you are asked to complete Form W-9 but do not have a TIN, apply for a TIN and write "Applied For" in the space for the TIN, sign and date the form, and give it to the requester. For interest and dividend payments, and certain payments made with respect to readily tradable instruments, generally you will have 60 days to get a TIN and give it to the requester before you are subject to backup withholding on payments. The 60-day rule does not apply to other types of payments. You will be subject to backup withholding on all such payments until you provide your TIN to the requester.

Note: Entering "Applied For" means that you have already applied for a TIN or that you intend to apply for one soon.

Caution: A disregarded U.S. entity that has a foreign owner must use the appropriate Form W-8.

Part II. Certification

To establish to the withholding agent that you are a U.S. person, or resident alien, sign Form W-9. You may be requested to sign by the withholding agent even if item 1, 4, or 5 below indicates otherwise.

For a joint account, only the person whose TIN is shown in Part I should sign (when required). In the case of a disregarded entity, the person identified on line 1 must sign. Exempt payees, see *Exempt payee code*, earlier.

Signature requirements. Complete the certification as indicated in items 1 through 5 below.

1. Interest, dividend, and barter exchange accounts opened before 1984 and broker accounts considered active during 1983. You must give your correct TIN, but you do not have to sign the certification.

2. Interest, dividend, broker, and barter exchange accounts opened after 1983 and broker accounts considered inactive during 1983. You must sign the certification or backup withholding will apply. If you are subject to backup withholding and you are merely providing your correct TIN to the requester, you must cross out item 2 in the certification before signing the form.

3. Real estate transactions. You must sign the certification. You may cross out item 2 of the certification.

4. Other payments. You must give your correct TIN, but you do not have to sign the certification unless you have been notified that you have previously given an incorrect TIN. "Other payments" include payments made in the course of the requester's trade or business for rents, royalties, goods (other than bills for merchandise), medical and health care services (including payments to corporations), payments to a nonemployee for services, payments made in settlement of payment card and third party network transactions, payments to certain fishing boat crew members and fishermen, and gross proceeds paid to attorneys (including payments to corporations).

5. Mortgage interest paid by you, acquisition or abandonment of secured property, cancellation of debt, qualified tuition program payments (under section 529), ABLE accounts (under section 529A), IRA, Coverdell ESA, Archer MSA or HSA contributions or distributions, and pension distributions. You must give your correct TIN, but you do not have to sign the certification.

Secure Your Tax Records From Identity Theft

Identity theft occurs when someone uses your personal information such as your name, SSN, or other identifying information, without your permission, to commit fraud or other crimes. An identity thief may use your SSN to get a job or may file a tax return using your SSN to receive a refund.

To reduce your risk:

- Protect your SSN,
- Ensure your employer is protecting your SSN, and
- Be careful when choosing a tax preparer.

If your tax records are affected by identity theft and you receive a notice from the IRS, respond right away to the name and phone number printed on the IRS notice or letter.

If your tax records are not currently affected by identity theft but you think you are at risk due to a lost or stolen purse or wallet, questionable credit card activity or credit report, contact the IRS Identity Theft Hotline at 1-800-908-4490 or submit Form 14039.

For more information, see Pub. 5027, Identity Theft Information for Taxpayers.

Victims of identity theft who are experiencing economic harm or a systemic problem, or are seeking help in resolving tax problems that have not been resolved through normal channels, may be eligible for Taxpayer Advocate Service (TAS) assistance. You can reach TAS by calling the TAS toll-free case intake line at 1-877-777-4778 or TTY/TDD 1-800-829-4059.

Protect yourself from suspicious emails or phishing schemes. Phishing is the creation and use of email and websites designed to mimic legitimate business emails and websites. The most common act is sending an email to a user falsely claiming to be an established legitimate enterprise in an attempt to scam the user into surrendering private information that will be used for identity theft.

The IRS does not initiate contacts with taxpayers via emails. Also, the IRS does not request personal detailed information through email or ask taxpayers for the PIN numbers, passwords, or similar secret access information for their credit card, bank, or other financial accounts.

If you receive an unsolicited email claiming to be from the IRS, forward this message to phishing@irs.gov. You may also report misuse of the IRS name, logo, or other IRS property to the Treasury Inspector General for Tax Administration (TIGTA) at 1-800-366-4484. You can forward suspicious emails to the Federal Trade Commission at spam@uce.gov or report them at www.ftc.gov/complaint. You can contact the FTC at www.ftc.gov/idtheft or 877-IDTHEFT (877-438-4338). If you have been the victim of identity theft, see www.IdentityTheft.gov and Pub. 5027.

Visit www.irs.gov/IdentityTheft to learn more about identity theft and how to reduce your risk.
